History

AAAEA was founded in the fall of 1996 and registered as a non-profit organization in 1997. Since 1997 its membership has been growing steadily to include engineers, architects, computer scientists, educators, business owners/partners and students.

With the ambition, devotion, and leadership of our members, AAAEA was able to expand to create many sister organizations throughout America. Today, 10 sister organizations in 15 States exist throughout the United States.

Mission Statement

AAAEA is a professional organization dedicated to helping its members succeed in their professions by networking among each other through seminars and social activities. It is non-political and non-religious. It is open to all architects, engineers and computer science professionals of Arab heritage.

Programs & Activities

Taking a vital role in our communities, AAAEA has extended a hand to our future professionals by creating volunteer programs to help students, such as;

- Professional Engineer Exam Review Course
- Fundamentals of Engineering Exam Review Course
- ACT Review Course
- Engineers Week
- Essay/Poster Contest
- Career Assistance/National Career Center
- Scholarships

From educational seminars to family picnics, AAAEA networks its members creating strong bonds between professionals of many different professions.

Scholarships

Through our 16 years in service, AAAEA has given 35 scholarships to award engineering students for their exemplary achievements in school. For more information, visit:
